

## Trials with Swine

### SWINE TRIAL AT BARC, THAILAND

A trial (No. OS12117A) was conducted at the Bangkok Animal Research Center Co Ltd to evaluate the effect of Lipidin when added on top in piglets. This trial substantiates the ability of Lipidin to improve feed efficiency and growth in weaned piglets.

Effect of Lipidin on performance of piglets (0-28 days)

Treatment		Initial Body wt (kg)	Final body wt (kg)	Body wt gain (kg)	Daily feed intake (kg)	Avg. daily gain (kg)	Feed conversion rate (kg)	Livability (%)
Diet	Lipidin (kg/MT)							
PC	-	10.85	23.30	12.44	0.672	0.444	1.515	97.92
PC	1.0	10.86	23.65	12.79	0.690	0.457	1.509	97.92
Difference-Lipidin Group				0.35	0.018	0.013	0.006	-
